*Illinois and Michigan no longer have any participating institutions in the Midwest Student Exchange Program (MSEP). The absence of any participating institutions in MSEP moves the states into an inactive status for purposes of this program. The net result of this inactive status is that resident students from Illinois and Michigan will no longer be able to receive the MSEP discounted tuition rate at institutions participating in the program. Per the MSEP Council, starting in fall 2021 for Michigan and fall 2022 for Illinois, new students will no longer qualify for the MSEP discount. Residents of these states attending out of state MSEP institutions are grandfathered into their participation in the program as long as their enrollment is uninterrupted and continues to meet the MSEP participation requirements of the institutions they attend (i.e. satisfactory progress or approved leave status in the program admitted).

Although North Dakota and Wisconsin participate in MSEP, residents from those states should not be processed under the MSEP program since Minnesota has separate reciprocity agreements with these states which provide a better benefit than the MSEP benefit. Residents from North Dakota and Wisconsin attending Minnesota institutions should be processed under the Interstate Tuition Reciprocity Program.

Students from Wisconsin

The attached spreadsheet (MinnesotaState24_CHART) reflects the 2023-2024 reciprocity tuition rates for Wisconsin reciprocity recipients attending Minnesota State campuses.
